HITASHRI DINESH SANKHE

New York, NY | 201-920-4011 | Hitashrisankhe02@gmail.com |LinkedIn

Education

Pace University, Seidenberg School of Computer Science *New York, NY*
Master of Science in Human-Centered Technology Design *Aug 2024 – May 2026*
Relevant Coursework: UI/UX |Prototyping| Project Management |Research |Usability testing |Ux research Requirement gathering | A/B Testing | Desk Research |Wizard of Oz Testing |Psychology| AI| Usability metrics & Human Factors|

Viva Institute of Technology, Virar, Virar(E) *Mumbai, India*
Master of Science (MS) in Computer Applications *Jan 2021 – Dec 2024*
Relevant Coursework: Web Development |IOT |Prototyping |Project Management | Research | Visual Design |Information architecture|

Sonopant Dandekar Shikshan Mandali *Mumbai, India*
Bachelor of Science in Computer Science *Jan 2017-Dec 2020*
Relevant Coursework: Python |Java |Android studio |Flutter |Research |html |c++ | Database Management Systems |SQL|

Experience

CX BY DESIGN, NEW YORK *Newyork,USA*
UI/UX Research Intern *Jan 2026 – May 2026*

- Execute comprehensive UI/UX research methodologies, including A/B testing, desk research, usability testing, and Wizard of Oz testing to validate design decisions.
- Collaborate with cross-functional teams to identify user pain points and optimize digital experiences

Cirrius Technology Pvt Ltd, Mumbai *Mumbai, India*
Jr. Product Executive *Jan 2022 – Jun 2024*

- Led qualitative user research and discovery workshops across domestic and global markets (Bangladesh, Nepal, Africa, Malaysia), engaging enterprise stakeholders at Hindustan Unilever, AJ Pharma, and Zydus to define core user needs and business objectives.
- Translated complex user requirements and workflow pain points into research-backed UI/UX solutions, accelerating project delivery by 15% while ensuring seamless cross-market feature alignment.
- Conducted usability analysis and gathered stakeholder requirements for pharmaceutical and enterprise platforms, driving design alignment and delivering validated, user-centric interface solutions.

Projects

Human-AI Co-Creation Research Paper *Mar 2026*

- Co-authored a published HCI research paper evaluating human-AI co-creation and adaptive cognitive-load design assistance, leading mixed-methods Wizard-of-Oz evaluations across 50 participants.
- Designed and evaluated a real-time visual-to-code prototype that reduced perceived mental workload by 44 points (NASA-TLX) for design practitioners and generated key interaction insights on user trust.

Sustainable Luxury Packaging Hackathon *Feb 2026*
(Figma, Canva, Miro, Gemini)

- Developed branding and eco-conscious packaging strategy for Amazonian Açaí jam in partnership with Ayakuná NGO.
- Designed bio-based sachet packaging for the HORECA sector to support sustainability, biodiversity, and indigenous women entrepreneurs.

City Island Digital Museum *May 2025*

- Conducted field interviews with 10+ visitors and residents to synthesize qualitative insights on local maritime heritage and ecological preservation.
- Designed and built an interactive museum prototype utilizing projection mapping and joystick-controlled navigation to deliver an immersive physical-digital experience.

Hudson Flow *Dec 2024*

- Conceptualized and prototyped **Hudson Flow**, a mobile platform converting hyper-local river quality and atmospheric data into instant, activity-specific safety verdicts.
- Architected intuitive emergency SOS flows, pier-level hazard warnings, and hourly forecasts to streamline pre-trip planning for New York waterways.

Memoir Tree *Sep 2024*

- Conducted sensitive user interviews and designed targeted questionnaires to explore emotional experiences surrounding grief, cherished memories, and healing after loss.
- Designed an empathetic, family-focused app prototype translating qualitative research into memory-sharing features and supportive digital spaces.

Published research paper on uncertainty in Big Data processing *Mar 2022*
https://www.viva-technology.org/New/IJRI/2022/165.html

Tools and software

Design & Collaboration: Figma, Miro, Maze, Adobe Photoshop, Adobe Illustrator, Adobe Premiere Pro
Analytics & Management: Power BI, Google Analytics

Certifications

Certifications: Power BI, React JS for Web Development, flutter, Digital marketing, google analytics
